

The Pesticide Label

Pesticide labels are intended to inform users how to safely and legally apply pesticides. All labels contain the statement “It is a violation of Federal law to use this product in a manner inconsistent with its labeling.” This means that the labels are legally enforceable. The information on these labels are critical to maintaining safe pesticide use.

Regulation

Requirements for pesticide labels are found in the [Code of Federal Regulation](#) (40 CFR Part 156).

Labels inform users of the following:

- The product’s purpose
- Proper storage information
- The safest and most effective way to use the product
- First aid instructions
- Phone numbers for help or for more information
